Please note:

- Kerr Industries is not responsible and assumes no liability for the specifications of the car or the factory options ordered by the dealer to meet those specs. Please consult your Auto book for factory options and pricing for those options.
- This is ONLY a quote and not an order confirmation. To apply these options to a vehicle please provide Kerr with the GM factory order numbers and a Kerr order confirmation will be sent to

THIS AGREEMENT, made this 19th day of AUGUST, 2013, by and between THE CITY OF BUFFALO, a municipal corporation in the County of Erie and State of New York, by WILLIAM L. SUNDERLIN, as its Director of Purchase, party of the first part, hereinafter referred to as the "City", and EMERLING CHEVROLET, a corporation organized and existing under and pursuant to the Laws of the State of NEW YORK, with its principal office and place of business at 9000 BOSTON STATE ROAD, BOSTON, NY 14025, party of the second part, hereinafter referred to as the "Contractor".

WITNESSETH:

That the said Contractor does hereby for himself, his heirs, executors, administrators, successors and assigns, covenant and agree to and with the said City, that the said Contractor shall and will for the consideration hereinafter mentioned, to be paid by said City to said Contractor at the time and times and in the manner hereinafter specified, sell, furnish, supply and deliver to said City, as ordered and directed from time to time by said Director of Purchase, all of the materials, supplies and equipment mentioned and described in the schedule hereto annexed and made a part hereof, of the kind, quality and size, as set forth in the specifications filed in the office of the Director of Purchase, and forming part of this agreement.

Said Contractor hereby warrants the said materials, supplies and equipment delivered under this contract against any defects in materials and workmanship, and in strict accordance with said specifications.

The said City hereby covenants, promises and agrees to and with the said Contractor, that said City shall and will well and truly pay or cause to be paid to said Contractor for the said materials, supplies and equipment sold and delivered, the unit prices set forth in said schedule, or the amount or sums specified in the proposal of said Contractor; said payments to be made after the approval by the City of a properly itemized invoice for the said materials, supplies or equipment furnished and delivered in strict accordance with the specifications and properly certified by the Director of Purchase, to the effect that the materials, supplies and equipment, for which said invoice is rendered, have been furnished and delivered in accordance with the terms of this contract and the specifications on file. Such certificates and approval, however, shall in no way lessen the total and final responsibility of the Contractor, neither shall it exempt him from liability to replace any of the articles furnished if it afterwards be discovered that any one, more or all of said articles are not according to the Contract and specifications in quality, quantity or condition.

IT IS FURTHER AGREED, That should the Contractor fail to complete the contract and every part thereof to the satisfaction of the Director of Purchase and within the time herein set forth or required in the specifications, the said City may at its option procure such materials, supplies or equipment omitted to be supplied by said Contractor as may be necessary, all at the expense of said Contractor, and the amount thereof shall be deducted from the contract price herein stated, all as shown in said schedule; and should such expense be greater than the market price, the said Contractor hereby agrees to pay the excess to the City on demand.

The Contractor shall indemnify and save harmless the City, its officers and employees from all claims, suits, actions, damages, losses and costs of every name and description to which the City may be subjected or put by reason of injury to the persona or property of another, or the property of the City, resulting from the negligence or carelessness, active or passive, of the Contractor, or the joint negligence, active or passive, of the Contractor and the City, his or their employees, agents or subcontractors, in the performance of any work under this contract or in the delivery of materials and supplies. The whole, or so much of the money to become due under this contract as shall be considered necessary by the City, may be retained by it until all suits or claims for damages shall have been settled or otherwise disposed of, and evidence to that effect furnished to the satisfaction of the City.

Should any dispute arise respecting the true construction or meaning of the specifications hereto annexed, the same shall be decided by the Director of Purchase, and his decision shall be final and conclusive.

The Contractor further agrees not to assign, transfer, convey, sublet or otherwise dispose of this contract, or his right, title or interest therein, or his power to execute the same, to any other person, company or corporation, without the previous consent in writing of the Director of Purchase of the City of Buffalo.

IT IS HEREBY MUTUALLY STIPULATED AND AGREED, That this contract shall not be binding or of any force, unless the Comptroller of the City of Buffalo shall endorse hereon his certificate that there remains unexpended and unapplied a balance of the appropriation or fund applicable thereto sufficient to pay the expense of executing this contract, as appears upon the face thereof.
